

Invitation to join MPUVNL's next RESCO Tender

Attention: Government / Semi – Government / Private / Social / [Resident Welfare Associations having single point HT connection]

Madhya Pradesh Urja Vikas Nigam Limited (MPUVNL) has achieved exciting Bid Results in its last 35.3 MWp RESCO Tender for Solar Rooftop Programme. In Furtherance of the same, MPUVNL is shortly floating its next RfP. All interested entities who want to benefit by purchase of electricity on low tariff discovered through this RESCO Tender are invited to respond immediately.

Success in getting phenomenally low tariffs for various entities who joined in MPUNVL's last RESCO Tender was possible by incorporating various innovations such as availability of data rooms containing all pertinent details of sites, payment security mechanism, financial support of State & Central Government and, technical support from World Bank and International Solar Alliance (ISA). Following are the tariffs discovered through national competitive bidding for various organisations who preferred to join us in the last RESCO Tender:

Central Gov. Undertaking	1.58
Institutions of Central Government/National Importance	1.67
Municipal Corporations/Nagar Palika Parishad	1.69
Govt. Medical Colleges under Dept. of Medical Education	1.74
Govt. Universities	1.91
Colleges under Dept. of Higher Educations	2.21
Institutions of State Govt.	2.23
Private Institutions	2.28

* Annual escalation of 3%

This RESCO Tender was appreciated and has received good response from all stakeholders. The next RESCO Tender is expected to recreate similar success in discovery of competitive tariff.

Interested entities must immediately send following information for assessment of feasibility and capacity of solar rooftop system:

1. Name of Organisation with complete address and contact number and email.
2. Copy of Electricity Bills (last three months)
3. Approximate shadow-free rooftop / ground area available for solar panels.
4. Capacity (in KVA) of Distribution Transformer of DISCOM.
5. Geographical coordinates (Latitude and Longitude) of the site (could be send through WhatsApp Location, Google Map, etc.)

Please send the information to:
